#### PRECAUTIONS

Keep away from hot surfaces, open flames, sparks. No smoking. Avoid breathing mist, spray, vapors. Contaminated work clothing must not be allowed out of the workplace. Wear eye protection, protective gloves.

**If on Skin:** Wash with plenty of soap and water. If skin irritation or rash occurs, get medical attention. Take off contaminated clothing and wash before reuse. See FIRST AID below. Store in a well-ventilated place. Keep cool. Dispose of contents/container to an approved waste disposal plant.

**Fire Fighting Instructions:** Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.

**Suitable Extinguishing Media:** ABC-powder, foam, dry powder, carbon dioxide, water spray, sand.

#### FIRST AID

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label when possible). **If on Skin (or hair):** Take off immediately all contaminated clothing. Rinse skin with mild soap and water, followed by warm water rinse. If skin irritation or rash occurs, get medical advice. Wash contaminated clothing before reuse. **If inhaled:** Remove person to fresh air and keep comfortable for breathing. **If in Eyes:** Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persist. **If ingested:** Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor. See Precautions above and Safety Data Sheet for further information.

#### Precautions for Safe Handling

Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. No open flames. No smoking.
