

Great for water fountains, refrigeration and ice machine drains as well as humidifiers. Ideal for any size system. Deodorizes as it cleans. Prevents overflow damage and unnecessary maintenance repairs. Economical—just one application of 16 ounces per month will keep drain lines free flowing.

#### USES

**SCUM AWAY** is a revolutionary combination of chemicals and deodorizers designed to clean scum, slime and other accumulations in air-conditioning condensate drain lines, ice machine drain lines, water fountain drains and humidification systems. This unique product will eliminate clogged drains and obstructed humidifier drains and reduce unpleasant odors. Regular maintenance with **SCUM AWAY** will prevent overflow damage and unnecessary maintenance repairs.

#### DIRECTIONS

**AIR CONDITIONING SYSTEMS:** Turn air conditioner off. Simply pour 16 oz. of **SCUM AWAY** into air conditioner drain pan. Start air conditioner after 20 minutes. For best results repeat application every 30 days. Larger systems may require additional **SCUM AWAY**.

**WATER FOUNTAINS:** Pour 8 oz. of **SCUM AWAY** directly into water fountain drain. Repeat procedure monthly to keep drain free flowing and deodorized.

**DEHUMIDIFIERS & ICE MACHINES:** For small systems add 8 oz. **SCUM AWAY** directly into drain.

# SCUM AWAY

## DRAIN LINE CLEANER & DEODORIZER

- Air Conditioner Condensate
- Water Fountains
- Ice Machines

**BIODEGRADABLE • ENVIRONMENTALLY SAFE**  
**pH NEUTRAL • NON-TOXIC**  
**NON-CORROSIVE • ECONOMICAL**

**NET CONTENTS: 16 FL. OZ. (1 PINT)**

### WARNING

Causes Eye and Skin Irritation

#### Precautions

Wash hands thoroughly after handling, before eating drinking or smoking and when leaving work. If skin irritation or rash occurs, seek medical advice. Provide good ventilation in process area to prevent formation of vapor. Wear eye protection and protective gloves.

**Firefighting Instructions:** Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Suitable extinguishing media: Foam, dry powder, carbon dioxide, water spray, sand.

#### FIRST AID

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice. (Show label where possible.) **Inhalation:** Allow victim to breathe fresh air. Allow victim to rest. **Skin Contact:** Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. **Eye Contact:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention/advice if pain, blinking or redness persist. **Ingestion:** Rinse mouth. DO NOT induce vomiting. Obtain emergency medical attention.
